STOMPIN' VOL. 1 CD ST 301 € 17.90

• For the best part of the last 20 years the Stompin' record company has been introducing latter-day rhythm 'n' blues collectors to forgotten small label gems and hard-to-find minor classics with a steady trickle of various artist LPs. Until now a switch to compact disc has been resisted, but pressure from advocates of the new(er) format has now resulted in a veritable avalanche of Stompin' CDs compiled from the best of the LP series together with a few choice items that have recently been acquired and deserve to be heard. The meat 'n' gravy of the Stompin' series is US r&b and black rock 'n' roll of the late 1950s, although we occasionally dip back into the jazzier

origins of the late 1940s/early 1950s or grape forward into the soulful 1960s; the only criteria is The Beat! The Beat! The Beat! This volume features the recordings of labels from Louisiana, New York, Illinois, Tennessee, Colorado, and, of course, California.
