SALES NOTES

The late Ray Peterson was the ultimate voice of teenage longing and heartbreak. During his early '60s peak, the four and a half octave range, the dramatic flair, and the naked empathy were all unique. Re-mastered for the first time on CD, all of Peterson's highest charted recordings for RCA and Dunes including his smash hit *Tell Laura I Love Her*, the Baker Knight penned *The Wonder Of You* (a hit later for Elvis Presley) and the Phil Spector produced *Corinna Corinna* are here. "It was a real thrill hearing 'Tell Laura I Love Her' as sung by Ray, with such heart, like it happened to him, or Tommy was his brother," marvels songwriter Jeff Barry. "Ray was an artist who sang the words - he let his innate talent take care of the notes."

Peterson's story, along with newly discovered information, is told by entertainer/essayist Johnny Vallis in a remarkably informative booklet that boasts both a detailed discography and a generous selection of photos. Jam packed with 31 stellar recordings, many fan favorites are re-released for the first time, all with the famous Bear Family sound. More than just a hits collection; this superior package provides a fitting retrospective to an often overlooked talent.
