## SALES NOTES

Roy Orbison would have been 70 years old on April 23, 2006. In honor of 'The Big O's!' memory Bear Family has put together a special compilation of all of Roy's 'rockin' material - the first of its kind - from his days at Sun all the way up through RCA Victor and Monument, ending with his biggest career hit, *Oh Pretty Woman*.

Although Roy himself always claimed he was a ballad singer and not a rocker, the recorded evidence tells a different kind of story—whether Roy wanted to admit it or not, he was a great rock 'n' roll performer!

This CD is a solid blast from start to finish, from such solid rockabilly stompers as *Cat Called Domino* and *You're My Baby* and of course *Ooby Dooby*, on up through the beat years of *What'd I Say*, *Mean Woman Blues* and other excellent tracks.

Join us in celebration of Roy's 70's birthday and agree with us when we say - Roy Orbison ROCKS!
