SALES NOTES

It has been several years since we at Bear Family began our exclusive documentation of David Allan Coe's recordings for **Columbia Records** during the outlaw era. With all the talk of outlaws in the 1970s, Coe was the only true outlaw of the lot, having spent his youth and early 20s in various jails. Now our series is winding up. His records weren't charting as before, but the quality never lets up.

UNCHAINED/SON OF THE SOUTH not only includes some of David Allan's best songs, but also incredible duets with **Waylon Jennings** and his wife, **Jessi Colter**, as well as **Willie Nelson**, and **Waylon and Willie** together. In addition, there's even a duet with the Allman Brothers' guitarist, **Dickey Betts**.

Last year, the renegade outlaw turned 65! But he's still on the road, still making impassioned music, and still turning heads. We're proud to be the only company offering a full documentation of his best recordings.
