SALES NOTES

When you think of classic streetcorner R&B, you immediately think of the ultimate doo-wop standard, *Speedoo*. Well, it's here together with 33 other close harmony favorites from one of the era's all-time greatest R&B groups, the Cadillacs. Starting out as a street-corner harmony group on 131st Street in New York, the Cadillacs quickly discovered the teenage market and created wild, up-tempo jump tunes. Named for the car that everyone wanted, they made the music everyone wanted. They coupled their talent in the recording studio with a stage show that included choreography, and brought screaming fans to their feet across the country.

This is the definitive Cadillacs package with everything that fans need to hear... and nothing they don't. *Speedoo*, *Shock-A-Doo*, and *Zoom Boom Zing*. No gimmicks, no tricks. Just the best of the best – the group that showed us how to rock. Now in crystal-clear sound from the original masters.
