SALES NOTES

Bear Family's standard-setting 'That'll Flat Git It' is widely accepted as the new gold standard in rockabilly reissues. Incredible compilations, sparkling sound remastered from first generation tapes, full and detailed liner notes, complete discographies, and unpublished photos. Cheaper than downloads! Cheaper than buying just one of the original singles!

After two volumes drawn from the American Columbia label, you'd think we'd be running low on good stuff...but not so. In addition to established rockabilly stars like Billy 'Crash' Craddock, the Collins Kids, Johnny Horton, and Ronnie Self, we've added a few non-rockabillies making a very creditable stab at the shaking music (like pop star Jimmy Boyd and country stars Billy Walker, Mel Tillis, John D. Loudermilk, Carl Story, and Marty Robbins), and we've added some of the rarest, most sought-after rockabilly from hitherto unknown artists, like Jaycee Hill, the Skee Brothers, Chuck Murphy, Leon Smith, and Eddie Zack. Now we have photos and stories on them all, plus their very best songs.

Other series lose steam after a while, but 'That'll Flat Git It' just keeps getting better and better!
