SALES NOTES

After many requests from collectors, we've finally done a profile of Roulette's rockabillyies. Started by shady characters from New York's music mafia, Roulette nevertheless became a highly collectible rockabilly label after it issued recordings by Jimmy Lloyd, Jo Ann Campbell, Jimmy Bowen, Johnny Rivers (in his pre-go go phase), The Rock-a-Teens, and many others. We've included all the great stuff you'd expect, plus all the ultra-rare singles and out-takes that you'd never hear unless you had access to a bottomless pit of money and the Roulette tape vault. And so here are rare singles and unreleased masters by the likes of Roc LaRue, the Skee Brothers, Johnnie Strickland, Joe Tate, and many more. A full eighty minutes of slam-bam, pedal-to-the-floor rockabilly by the masters.

Other series lose steam after a while, but 'That'll Flat Git It' just keeps getting better and better! Watch for more titles in this incredible series!!
