SALES NOTES

Bear Family is not a 'greatest hits' label, and we're proud of it...even if our accountants aren't. Throughout our thirty-plus years, we've gone out of our way to issue or reissue the finest music in the highest possible quality packages, regardless of commercial potential. Some of the music we've issued is, we'll admit, a little obscure. We wouldn't lie to you, but even so it's hard to take our word for it when we tell you that a CD by an artist you've barely heard of is worth your hard-earned money. Hence this CD. For the price of a cheeseburger, we've assembled 33 tracks from 33 of our finest post-War country CDs. If you've ever looked at our catalog and wondered what Jess Willard or Rod Morris or thirty others sound like, here's your chance to find out.

All of these recordings are just from our selection of post-War rockabilly/country music. When you're through exploring all of our post-War rockabilly/country CDs, you can check out our pre-War country CDs, and our other rockabilly CDs, and our R&B CDs, and our...

Let's just say that we're a different kind of record company. Yes, you can buy CDs on out-of-copyright labels for next to nothing, but that's not why you became a music fan and a record collector. You want to know about the artists, you want to see rare and unpublished photos, you want the very best sound quality, and you want to go beyond the greatest hits. Welcome to Bear Family!
