- Original recordings – not available anywhere else

INFORMATION

BEAR FAMILY RECORDS came into being in the late summer of 1975. We want to celebrate the company's 35th anniversary with a very special release.

A CD/book edition has been produced just for this event. You may purchase this item at a special price. Our friends in the music industry, musicians and songwriters, have written and recorded a collection of 'Bear' songs especially for our anniversary. These original recordings – 68 in all – are available exclusively on this LP-sized BEAR FAMILY boxed set.

Especially interesting are the songs that deal not just with any old bear, but with our own BEAR FAMILY label – Jim Diamond: *Bear Family*; Deke Dickerson: *Bear Family Talking Blues*; Roland Heinrich: *Sixteen Discs*, and Kim Lenz: *What I Crave*.

In the accompanying book, some of the world's leading music critics and experts pick their all-time favorite BEAR FAMILY releases.

This CD boxed set is an unprecedented celebration because BEAR FAMILY is a record company without peer – and because a 35th anniversary only comes once every thirty-five years!
