Halloween - from Ireland via the USA back to the European continent, the originally probably Celtic customs gained the status of a cult celebration before All Saints' Day. Halloween is celebrated every year on the night of October 31st to November 1st. At the same time it is a young epitome of pure horror and spookiness.

But Bear Family's 'Season Compilation' is not limited to the theme for one night, Halloween. We have the ubiquitous horror, the fear of terror, the born-again, the zombies and the ghosts that are in our heads and the phantoms from the horror stories and movies.

Dive into the realm of darkness and unexpected horrors with 'The Shadow Knows'! 'The Shadow Knows' delivers the perfect audio soundtrack not only for Halloween. Whenever you want to be closer to your demons, insert this CD into your player. We wish you a scary and entertaining time.
