- Cult favorites from a cult favorite!
- The classic hillbilly songwriter goes wild
- Demented classics like *Psycho* and *Dolores* complemented by Reinhard Kleist's artwork
- 500 copy limited edition vinyl single (45 RPM)

INFORMATION

Eddie Noack – Psycho: Songwriter and Cult Hero Of Trash

There was a time when every LP by George Jones had an Eddie Noack song; in fact, Jones even did a complete LP of Noack songs. Hank Snow did well with Noack's song *These Hands*. Texas honky tonk fans love Noack's mid-1950s recordings for their wit and insight into the human condition.

But then in the 1980s, the Psychobilly and Trash fans discovered bootlegs of Noack's way far-out recordings of *Psycho* and *Dolores*. Both songs are told from the perspective of a psychopathic serial killer. Cramps and Meteors fans recognized that this was as dark as it got. Eddie Noack achieved cult status, but by then he was dead.
